OATELS/BAT is the Federal program office that administers the National Registered Apprenticeship System (NRAS).

One component of the System is the Federal/State partnership. In accordance with Title 29 CFR Part 29.12 on July 21, 1977, the U.S. Secretary of the Department of Labor granted recognition to the State Apprenticeship Council (SAC) as the entity for State registration and/or approval of local apprenticeship programs and agreements for Federal purposes.

Thus, the recognized SACs are the official apprenticeship agencies in their State and all apprenticeship programs and standards developed by BAT for the State have been transferred to them. The District of Columbia, Puerto Rico and the Virgin Islands, plus the following 27 SACs are partners in the National Apprenticeship System: Arizona, California, Connecticut, Delaware, Florida, Hawaii, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Minnesota, Montana, Nevada, New Hampshire, New Mexico, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia, Washington, and Wisconsin.

The figure above represents electronic data obtained from the Apprenticeship Information Management System (AIMS), and manual data collected and maintained on registered apprenticeship activities in the NRAS.

The Totals below represent only AIMS Participating States

The AIMS database does not represent the entire registered apprenticeship system, nor does it provide a nationally representative sample. The data is collected primarily by 23 States, known as the BAT States, and 13 SAC States. The SACs that participate in AIMS are: Arizona, Florida, Kansas, Kentucky, Maine, Massachusetts, Minnesota, Montana, Nevada, New Mexico, Ohio, Pennsylvania and Rhode Island. AIMS contains nearly 70% of the States' data on registered apprentices --men, women and minorities.

The District of Columbia, Puerto Rico and the Virgin Islands and the following 14 SAC States do not participate in AIMS on the number

of apprentices by industry, occupation and program type (union or non-union based): California, Connecticut, Delaware, Hawaii, Louisiana, Maryland, New Hampshire, New York, North Carolina, Oregon, Vermont, Virginia, Washington and Wisconsin.
